We should be able to get it to you today. It is not a public document yet - as of last night - we are finalizing it so it will be. We are monitoring closely to get it to you ASAP today. Apologies.

Lisa - Will a FOIA request expedite David's twice-promised delivery to me of EPA's work order for the Gold King Mine? Please advise right away. We have been asking for a week. Laura indicated again yesterday it would be coming. Please advise. Thanks, Bruce

Bruce –

The “situation report” on our epaosc.org/goldkingmine website, has a lot of details that might be of interest.

Here’s a link to that report

There should be an update today that covers current info as of yesterday. This link is for the day before yesterday-which is the most current online right now.
